RFP TS-WAN-01-Y20 Wide Area Network - Addendum No.1

Proposal due time and date: 11:00 am (CST) on January 10, 2017

Addendum No. 1 – Issued December 8, 2016

The following Addendum is made pursuant to the RFP TS-WAN-01-Y20 WAN Infrastructure Upgrade. This Addendum shall be fully incorporated into the RFP and have the same force and affect. If any portion of this Addendum conflicts with the RFP or Attachments thereto, the Addendum shall take precedence. Acknowledge receipt of this addendum by inserting its number in the space provided on the Solicitation Form. Responses that do not list addenda numbers that go to price will be rejected.

The following changes and/or clarifications are made to the RFP in response to questions received from potential proposers:

- 1. Sign-in Sheets:** Attached below are the sign-in sheet from the optional pre-proposal meeting held on December 7, 2016 at 11:00 am.
- 2. Page 27 2.02 Fiber Types Section A Sub-Section 01:** Aldine removes the following statement from the RFP in its entirety.
“Respondents should take note that E-rate Modernization order allows fiber construction vendors to place additional strands, beyond the 8 strands required by Aldine ISD. On approved projects that meet the E-rate specifications for competitive bid and cost effectiveness, E-rate will pay special construction charges, defined in the Second E-rate Modernization Order as construction, design, engineering and project management fees including the first 8 strands of fiber only, within diverse paths based on a ring design.”
- 3. Page 27 – 2.02 Fiber Types Section A. Leased Dark Fiber Service Sub Section 02:** Aldine replaces this statement from the RFP in its entirety with the following:
“Intent of this RFP is obtained a fault tolerant WAN based on ring design. Proposed solutions must have diverse paths that originate in both East NOC and West NOCs.
- 4. Page 28 – 2.02 Fiber Types Section B. Leased Dark Fiber Service Sub Section 06:** Aldine replaces this statement from the RFP in its entirety with the following:
“No network equipment nor maintenance of said network equipment is required for proposed leased dark fiber solution. Aldine will provide the network equipment to light the dark fiber solutions.”
- 5. Page 28 – 2.02 Fiber Types Section D. Self-Provisioned Fiber Construction Sub Section 06:** Aldine replaces this statement from the RFP in its entirety with the following:
“No network equipment nor maintenance of said network equipment is required for proposed leased self-provisioned fiber solution. Aldine will provide the network equipment to light the fiber of self-provisioned fiber solution.”
- 6. Page 52 – Network Diagram:** For clarification purposes, the Network Diagram was only provided to give proposers a view of the existing Network. The Network Diagram is not intended to be used as the design of your proposed solution. Proposers should submit their recommended design.

ADDENDUM PREPARED BY Aldine ISD

Sign and return this addendum to Aldine ISD within the RFP response as well as acknowledge the addendum in the space where indicated on the Attachment D. Failure to acknowledge receipt of this addendum will result in rejection of your response. Respondents may acknowledge receipt by one of the following methods:

Authorized Signature _____

Business Entity Name: _____
